SGCET VOLLEYBALL CHAMPIONSHIP 2026

Inter – School Under – 19 BOYS & GIRLS TOURNAMENT

Rise. Play. Inspire

Under-19 Inter-School Sports Day The Under-19 Inter-School Sports Day was conducted on 4th and 5th August with great enthusiasm and excitement.

The programme began with the gathering of all the participating students, followed by a warm introduction and welcome to the young athletes.

The winners of various events were then honoured with prizes and certificates for their outstanding performance and achievements.

Following the prize distribution, cash prizes were presented to the winners, and the coaches were felicitated for their valuable guidance, encouragement, and support.

The programme concluded with a group photograph, capturing the memorable moments of the successful Sports Day celebration.

SRI GANESH COLLEGE OF ENGINEERING AND TECHNOLOGY

MULLODAI, PUDUCHERRY - 607402

Sri Ganesh College of Engineering and Technology, Puducherry, in association with Takshila Institute of VLSI Technologies, organized a webinar on “Job Opportunities in the VLSI / Semiconductor Industry” on 8th August 2026.

The webinar provided students with valuable insights into the semiconductor industry ecosystem, VLSI design and manufacturing, placement opportunities, and industry-oriented career prospects. The session also highlighted the importance of developing relevant technical skills to meet the growing demands of the semiconductor industry.

Students from the Department of Electronics and Communication Engineering (ECE) actively participated in the session and gained exposure to emerging career opportunities in the VLSI and semiconductor domain.

The session witnessed enthusiastic participation, with 120 participants attending the webinar.

As part of strengthening Industry–Academia collaboration, the college has also initiated an MOU with Takshila Institute of VLSI Technologies. The proposed collaboration aims to provide students with opportunities for industry-oriented training, internships, placement assistance, technical sessions, and skill development in VLSI and semiconductor-related areas.

The webinar and proposed collaboration mark a significant step towards enhancing students’ industry readiness, technical skills, and career opportunities in the rapidly growing semiconductor sector.

ONE DAY PLACEMENT TRAINING PROGRAM

Empowering students for career success

A One-Day Placement Training Workshop was organized to equip students with the essential skills and knowledge required to confidently face the recruitment process. The programme focused on various aspects of career development and placement preparation.

Communication & Interview Skills

Students were trained in Communication and Interview Skills, with emphasis on speaking confidently, expressing ideas clearly, and maintaining a professional approach during interviews. The trainers also explained how to respond appropriately to commonly asked HR Interview Questions.

The session on Resume Building guided students on how to prepare an effective and professional resume highlighting their academic qualifications, skills, achievements, and career objectives.

APTITUDE & REASONING SKILLS

The workshop also focused on Aptitude and Reasoning Skills. Students were guided on how to prepare for aptitude and reasoning tests and were introduced to useful online resources and websites for regular practice.

JOB & INTERNSHIP OPPORTUNITIES

Students were introduced to various online platforms where fresher's can search and apply for suitable job and internship opportunities. They were encouraged to create profiles and upload their updated resumes on platforms such as Indeed, Naukri, and other relevant career portals.

OUTCOME OF THE WORKSHOP

Overall, the workshop provided students with practical guidance on resume preparation, communication skills, interview techniques, aptitude and reasoning preparation, and online job and internship applications. The programme helped students gain greater confidence and become better prepared to face future placement opportunities.

Independence Day Celebration at SGCET

Sri Ganesh College of Engineering and Technology (SGCET) celebrated India's Independence Day on 15th August with great enthusiasm, patriotism, and pride. The celebration was organised at the College Auditorium, bringing together the management, faculty members, and students to commemorate the spirit of freedom and honour the sacrifices of our national heroes.

The programme featured a series of activities that reflected the values of patriotism, unity, discipline, and responsibility. The gathering created a vibrant atmosphere as students and faculty members came together to celebrate the nation's 80th Independence Day.

As part of the programme, students who had demonstrated outstanding performance in various sports events were honoured with prizes and certificates. The winners were appreciated for their dedication, hard work, discipline, teamwork, and sporting spirit. The recognition encouraged the students to continue developing their talents and to actively participate in sports and other co-curricular activities.

The celebration also included the presentation of the Best Coordinator Award to a faculty member in recognition of her sincere efforts, excellent coordination, commitment, and valuable contribution towards the successful organisation of college activities and events. The award acknowledged her dedication and inspired other faculty members to contribute actively to the institution's growth and development.

The Independence Day celebration served as a meaningful occasion to instil a sense of patriotism and social responsibility among students. It also highlighted the importance of recognising talent, appreciating dedicated service, and encouraging students and faculty members to strive for excellence. The event concluded with a strong sense of pride, unity, and enthusiasm, leaving everyone with a renewed commitment to contribute positively to the institution and the nation.

Inauguration Function at SGCET

Sri Ganesh College of Engineering and Technology (SGCET) organised an Inauguration Function on 31st August at the College Auditorium with great enthusiasm and excitement. The programme brought together the management, faculty members, students, parents, and invited guests for a memorable and engaging occasion. The function commenced with a warm welcome to the dignitaries, guests, parents, and students. As part of the function, the dignitaries, invited guests, parents, and other distinguished participants were felicitated as a mark of respect and appreciation for their presence and valuable contribution to the occasion. The felicitation added a special significance to the programme and created a warm and memorable atmosphere.

The Principal delivered an inspiring speech and welcomed the students and parents. The external guest also shared a valuable and motivational message, encouraging students to focus on their studies, skills, and future careers. The programme also featured dance and poetry performances by the students, making the occasion memorable.

An interactive session was also organised during the programme, where external guests posed questions to the parents. The parents participated enthusiastically and confidently answered the questions, making the session lively and engaging. In appreciation of their active participation, gifts were presented to the parents as a token of recognition and encouragement.

The active participation and enthusiastic involvement of everyone made the inauguration function a memorable and successful event. The event concluded on a positive and joyful note, leaving the participants with pleasant memories and renewed enthusiasm for the academic year ahead.
